

DRISHTI  BEATS™

RYS 300 Syllabus

2020/21 Edition

Topic Title	Description	Learning Objective
Meditation	Trainees will be in silence from 6:00-6:30 and learn to interact with each other without speaking. Trainees will then be engaged in a 30 min mediation session.	Trainees will learn to further their experience with mediation
Master Class 1 - Day 1	Trainees will participate in a full class that emphasizes the poses taught in this Session (Child's Pose, Cat/Cow, Downward Facing Dog, Down Dog Twist, Ragdoll, Extended Mountain Pose, Prayer with Om's (optional)). The other trainers present will assist trainees where needed.	Trainees will understand how this asana series fits into the context and flow of an entire class. Trainees will practice and gain confidence in the execution of the asana of this session under the guidance of a master teacher.
Master Class Analysis	Trainees will complete a preprinted form immediately following the Master Class, followed by a group discussion of what they did, saw, heard and felt. The intent is piecing together the teaching methodologies used to design the Master Class. Trainees will analyze the structure of the class, the language used, the cueing, how the poses were linked together and the feeling tone of the class to develop a sense of the teaching methodologies used to design the Master Class.	Trainees will learn to evaluate the effectiveness of a class: the format, the language used, the feeling tone, and the methodology used to design the class.
Overview of OUR 300 RYS	Trainees will learn how our 300 hr school fits into the context of yoga as practiced globally with advancement of teaching practicum, methodology, and upskilling	Trainees will learn the history of yoga. Trainees will understand what OUR yoga is and how it relates to other styles of yoga globally
Learning to Retreat	Trainees will learn the concept of truly retreating and allowing themselves to immerse themselves in the learning process	Trainees will learn the concept of truly retreating and allowing themselves to immerse themselves in the learning process
Yamas and Niyamas	Trainees will review the yamas and niyamas and how they apply to the learning experience	
Pose Breakdown – the Engage Poses	Trainees will learn to cue the poses in this session, and will learn assisting, and the advanced exploration of the chakra related to the poses.	Trainees will practice and learn to cue a student into each pose safely and effectively with special emphasis on OUR Language, OUR Five Pillars and OUR Principles of Alignment. Trainees will understand the importance of the sequence of this Session's poses and why they are most effectively and safely taught in that order, how to assist, and how to relate the chakra to the pose.
Pose Anatomy Analysis	Using their anatomy text, the trainees will identify the major muscle groups activated and the energy flows of selected poses from the Engage group.	Trainees will identify the major muscles, joints and bandhas used in selected poses from this series. Trainees will develop step-by-step a knowledge of the key muscles and bones used in selected Hatha yoga poses.
Practice in Lead	As a Lead Instructor, each trainee will lead other trainee(s) in a 12-minute flow of the asanas presented in the pose breakdown.	Trainees will develop the skills to become an effective teacher.
Master Class 2- Day 1	Trainees will participate in an alternative type class, specifically Yin, to gain an understanding and learn the teaching practices of Yin Yoga	Trainees will practice and gain confidence in the execution of the asanas of this session under the guidance of a master teacher.
Learning about Each Other	One Trainee, with a partner, will learn about their partner in order to tell a story to the group about their partner's life to be presented on days 3,4.	Trainees will learn to listen with intent and gather information in order to share with the group about another trainee's story of their life and what brought them to the training.

Recap and Homework	Trainers will facilitate a discussion of the information covered in today's session in order to evaluate the trainees' progress.	Trainees will to demonstrate knowledge of the key points covered in this session.
Homework (non-contact hours)	Using poses learned in this Session, trainees will prepare a 6-minute Flow with intention, assists, and calls to chakras to present Day 2, this Session that demonstrates good cueing, OUR language, attention to principles of alignment, and breath. Trainees prepare to present their partner's story	Trainees will gain experience and proficiency in leading a class.
Meditation	Trainees will be in silence from 6:00-6:30 and learn to interact with each other without speaking. Trainees will then be engaged in a 30 min mediation session.	Trainees will learn to further their experience with mediation
Master Class 1 - Day 2	Trainees will participate in a full class, along with Dharma, that emphasizes variations of the poses taught in the Engage Series(Child's Pose, Cat/Cow, Downward Facing Dog, Down Dog Twist, Ragdoll, Extended Mountain Pose, Prayer with Om's (optional)). The other trainers present will assist trainees where needed.	Trainees will understand how this asana series fits into the context and flow of an entire class. Trainees will practice and gain confidence in the execution of the asana of this session under the guidance of a master teacher.
Master Class Analysis	Trainees will complete a preprinted form immediately following the Master Class, followed by a group discussion of what they did, saw, heard and felt. The intent is piecing together the teaching methodologies used to design the Master Class. Trainees will analyze the structure of the class, the language used, the cueing, how the poses were linked together and the feeling tone of the class to develop a sense of the teaching methodologies used to design the Master Class.	Trainees will learn to evaluate the effectiveness of a class: the format, the language used, the feeling tone, and the methodology used to design the class.
History of Yoga	Trainees will learn an in-depth history of Yoga	Trainees will learn an in-depth history of yoga. Trainees will understand what OUR yoga is and how it relates to other styles of yoga globally
Dharma	Trainees will learn the art of telling a story an integrating it to a class	Threading philosophy,intention and dharma
Lunch		
Pose Breakdown – the Engage Poses	Trainees will learn to cue the poses in this session, and will learn assisting, and the advanced exploration of the chakra related to the poses.	Trainees will practice and learn to cue a student into each pose safely and effectively with special emphasis on OUR Language, OUR Five Pillars and OUR Principles of Alignment. Trainees will understand the importance of the sequence of this Session's poses and why they are most effectively and safely taught in that order, how to assist, and how to relate the chakra to the pose.
Pose Anatomy Analysis	Using their anatomy text, the trainees will identify the major muscle groups activated and the energy flows of selected poses from the Engage group.	Trainees will identify the major muscles, joints and bandhas used in selected poses from this series. Trainees will develop step-by-step a knowledge of the key muscles and bones used in selected Hatha yoga poses.

Practice in Lead	As a Lead Instructor, each trainee will lead other trainee(s) in a 12-minute flow of the asanas presented in the pose breakdown, with variations	Trainees will develop the skills to become an effective teacher.
Master Class 2- Day 2	Trainees will participate in an alternative type class, specifically restorative, to gain an understanding and learn the teaching practices of Restorative Yoga	Trainees will practice and gain confidence in the execution of the asanas of this session under the guidance of a master teacher.
Learning about each other Day 2	The partner of the first Trainee, with a partner, will learn about their partner in order to tell a story to the group about their partner's life to be presented on days 3,4.
